

Electricity Facts Label (EFL)
Wind By TX 12-CNP
CenterPoint Energy Service Area
Date: 1/20/2020

Electricity Price

Average Monthly Use	500 kWh	1,000 kWh	2,000 kWh
Average price per kWh	13.6¢	13.0¢	12.8¢

The price you pay each billing cycle includes the Monthly Base Charge (if applicable), Energy Charge, and Utility Delivery Charges (if shown below):

Base Charge: \$0.00 per month
 Energy Charge \$0.08510 per kWh
 CenterPoint Energy Delivery Charges: \$5.47 per month and 3.989¢ per kWh

Your price for electricity will vary according to your actual usage. The average price does not include state or local taxes or reimbursement of the state miscellaneous gross receipts tax and/or PUC Assessment, nor does it include other non-recurring amounts charged by the TDSP or any governmental entity

Some locations may be subject to a TDU Underground Facilities and Cost Recovery Charge authorized by their city that is not included in this average price disclosure. See your TDU's tariff for a list of cities and authorized charges.

For updated TDSP delivery charges, please go to iberdrolatexas.com/tducharges

Other Key Terms and questions

See Terms of Service statement for a full listing of fees, deposit policy, and other terms.

Disclosure Chart

Type of Product	Fixed Rate Product
Contract Term	12 months
Do I have a termination fee or any fees associated with terminating service?	Yes, \$150. This fee does not apply if the customers moves, and provides verifying evidence, or changes to another of our fixed term plan of greater or equal length.
Can my price change during the contract period?	Yes
If the price can change, how will it change and by how much?	Your price may be adjusted to reflect changed in charges from the TDSP, ERCOT, PUCT, Texas Regional Entity or other administrative fees from regulatory actions that impose new or modified fees or costs that are outside Iberdrola Texas' control.
What other fees may I be charged?	Please see your Terms of Service (page 2) for non-recurring fees.
Is this a pre-pay or pay in advance product?	No
Does Iberdrola Texas purchase excess distributed renewable generation?	No
Renewable Content	This product is 100% Renewable and derived from Texas Wind facilities.*
Statewide average for Renewable Content	19.1%

*With the purchase of this Iberdrola Texas product, you are supporting clean energy. Iberdrola Texas will match 100% of your annual paid usage with Renewable Energy Certificates (RECs) purchased from Avangrid Renewables Wind facilities or another wind plant in Texas. You will not have energy from a specific generation facility delivered directly to your service address, but your purchase promotes use of renewable energy equal to 100% of your paid usage is produced using renewable resources on an annual basis. Renewable resource availability varies hour to hour and from season to season, as does our customers' use. We will rely on system

power from the grid to serve our customers' minute by minute consumption but will use RECs to match our customers' actual annual purchases. We may take up to three months following the close of a calendar year to make up any deficiency in REC procurement promised in connection with the product you choose.
